

Customized M&A Playbook And Integration Plans

RGP provided **IMO leadership** for the acquisition and developed a **customized IMO solution** set providing methodology, tools and templates for future transactions

THE CHALLENGE

Our global industrial and municipal client had become increasingly active in acquisitions requiring a more robust operating mechanism and toolkit to address increasing transaction complexities.

WHAT WE DID

Partnered with Corporate Development function, analyzing gaps between existing integration processes and tools

Worked with functional teams to create an operating mechanism in the form of an Integration Management Office (IMO) Playbook

Provided leadership to newly formed IMO team for success in future integration activities

OUR IMPACT

Customized Master Integration Plan and Integration Playbook for all corporate functions with dynamic status reports

Risk, Issue, Dependency and Decision management for executive stakeholders

Executive Dashboards and Steering Committee Materials
Walk the Walls event to capture milestone level, cross-functional dependencies
